Local and Personal Items

On Monday, Oct. 13, Thank-
sgiving Day.—All places of busi-
ness will be closed.

Mrs. W. F. Pratt and baby
accompanied by her mother
Mrs. W. D. Campbell left last
week for Vancouver, B. C.

Floyd Horne left for Calgary
on Tuesday morning on a busi-
ness trip.

Thanksgiving Service will be
held in the the Denton School
house next October 12th at 3
o'clock in the afternoon. The
school will be specially decorated
for the occasion.

A public meeting for the
purpose of nominating school
trustees will be held in Oyen on
Friday October 10th, at 2:00 p.m.

Mr. Hagen of Gold Spring
met with a very painful acci-
dent last Wednesday when a
cow he was driving ran away.
Before he could control the
frightened animal, the wagon
upset and fell on him, breaking
his hip. Mr. Hagen was brought
into Oyen the same day and
was taken to Calgary where he
will receive treatment.

The Fairacre Women's In-
stitute entertained the return-
ing soldiers of the district last
Friday evening at a concert and
a very fine supper. Mr. Chas.
Harris who acted as chairman
spoke on behalf of the citizens
of the district and gave the
"hats" a very hearty welcome
home. His remarks were
suitably replied to by Merton
Cates.

The proceeds of Mrs. Mar-
blett's piano and violin recital
held in Oyen last week
amounted to \$153.20. This sum
of money will be divided be-
tween the Union Church and
the local Hospital.

Mr. and Mrs. Arthur Kerr,
who have been visiting in Han-
kota, Man., returned to Oyen
yesterday morning.

T. W. Johnston has just com-
pleted the work of finishing the
front of the Oyen Opera house,
and the improvement to the
appearance of the building is
most noticeable.

Don't forget the G. W. V. A.
dance to-morrow night at the
Opera house.

Local Committee Organized For 1919 Victory Loan

Mr. A. S. Thurber of Calgary
was a town visitor and organ-
ized the local executive commit-
tee for the 1919 Victory Loan.
The organization meeting was
held in the office of J. Howard
Alexander on Friday afternoon
when the following gentlemen
were appointed.

J. Howard Alexander, Chair-
man of the Oyen district.
W. Y. Miller, Vice-president.
Robt. Smith, Secretary.

The allotment for the district
was placed at the sum of
\$25,000.

The committee trust that
cavanssers who have acted
during the last two campaigns
will lend their valuable assist-
ance again so that the district
may not fall short of its
allotment.

While they realize that be-
cause of local conditions money
will be scarce for investment,
they hope that their own will
carefully consider the loan and
the amount underwritten be made
to take at least the minimum
amount.

October 9th.—Fire Prevention
Day.

Dr. H. C. Swartzlander, who
recently purchased W. R.
Meacham's on Second Ave.
moved into his new home last
Thursday.

Mr. P. H. Peterson has pur-
chased the residence of Mr.
McIntosh McDonald on Second
Ave. East and will move in
sometime this week.

Miss Mae Ugland of Alaska
has accepted a position as
stenographer to Mr. J. J. Kelly
and commenced her duties there
last Monday.

Mr. and Mrs. Wm. McAllister
of Excel who have been spend-
ing a few weeks at Govan Sask.
returned home last Thursday.

Mr. John L. Tupper left for
Calgary last Friday, accom-
panied by his son Glen who is
suffering from knee trouble.
It is Mr. Tupper's intention to
get a specialist's advice and if
necessary his son will undergo
an operation.

A farewell party was given
to Mr. and Mrs. George Scott of
Saskatoon at the home of Mrs.
John Naismith last Wednesday.
Mrs. Scott, (who is Mrs. Nai-
smith's sister) and her husband
who have been visiting Mr. and
Mrs. Naismith left for Saskato-
on last Thursday morning.
The evening was devoted to
songs, an outfit scene and
refreshments.

Mrs. Ugland of Alaska, who
accompanied her daughter here
last Monday, returned to Alaska
the following day.

Mr. Andrew Anderson, enter-
tained a number of friends at
his home, last week. Trap
shooting was indulged in, but
the members of the party who
shot, with one exception, did
not obtain very large scores.
Those with the low scores
claimed that the wind was not
favorable for good shooting,
but some of the party did not
consider this a good alibi.

We are asked to announce
the result of the sale of prizes
which took place in town last
Thursday. The proceeds were
to be applied to the purchase
of a basket ball outfit for the
school girls and the sum of
money raised was satisfactory.
An outfit has been ordered and
as soon as it arrives in town
the girls will be given an oppor-
tunity of showing their prowess
at the game.

Fire Prevention Day

October 9th.

The Governor General of Can-
ada has been pleased to appoint
Thursday, Oct. 9th, as "Fire
Prevention Day" throughout
the Dominion.

Statistics show that an un-
necessarily large percentage of
fires start from preventable
causes. This state of affairs
should be rigorously fought
against. In the long run suc-
cess in reducing the fire waste
depends on inculcating habits
of carefulness in the public mind
and to this end a "Fire Preven-
tion Day" has been appointed.
The proclamation recom-
mends that—

1. That all dwellings and their
surroundings be carefully
inspected by their occupants

Should Hospitals Organize Provincially?

In the opinion of a large number of Superintendents and other Hospital Workers in Alberta the time is now ripe for the organization of all hospital and kindred institutions in the Province into an Association the main purposes of which would be as follows:

1. To serve as a means of inter-communication, co-operation, and mutual support.
2. To standardize, as far as possible, the work in all departments of the hospitals in the Province to try to maintain that standard, and so to promote efficiency.
3. To stimulate hospital development.
4. To impress collectively on the authorities of the Province and Cities, the need for increased hospital accommodation for the aged, the tuberculous, and those suffering from chronic conditions who are at present occupying bed space in our active treatment hospitals.
5. To raise, in a similar manner the question of the adequacy of the Government Grant.
6. To arrange co-operation with the Workmen's Compensation Board.
7. To standardize the training of nurses throughout the Province.

These and other matters of similar importance in your hospital life, will come up for discussion. There can be no doubt that in many instances definite results will be obtained by the action of such an Association instances in which it would be hopeless for the individual to even think of effecting any change. With a view to forming such an Association, the Hon. A. G. McKay, the Minister of Health, was approached. He was asked to call a meeting of all Superintendents, Trustees, Nurses, Medical Staffs, Ladies Aid Societies, Public Health Workers and others in the Province in any way connected with or interested in hospital work. To this the Minister very kindly assented.

Thanks to the kindness of the President. The meeting will be held in the University of Alberta. It will take place on two days immediately following the annual meeting of the Provincial Nurses Association about the 22nd or 23rd of October. You are urged to do your utmost to attend in person or failing that to have your hospital as powerfully represented as possible. Besides organization, the session will be devoted to the reading of papers, the discussion of hospital problems, to demonstrations, round table conferences and to entertainments.

The Expenditure of \$610,000,000

How the last Victory Loan was spent

For Demobilization

For Trade Extension

BEFORE buying Victory Bonds again you may want to know how Canada used the money you loaned her last year.

Canada borrowed the money to carry on the war and to provide credits for Great Britain and our Allies.

CONSIDERABLY more than one-half of the Victory Loan 1918 was spent on our soldiers. This included \$312,900,000 for paying them feeding them bringing them home separation allowances to their dependents maintenance of medical services and vocational training schools.

\$59,000,000 of the Victory Loan 1918 was paid on account of authorized Soldiers' gratuities.

\$9,000,000 was spent at Halifax for relief and reconstruction after the disaster.

Other disbursements were not strictly speaking expenditures but National Re-investments.

To Great Britain for example:

- \$173,500,000 was loaned for the purchase of our wheat and cereals.
- \$9,000,000 for our fish.
- \$30,000,000 for other Foodstuffs.
- \$2,900,000 for Canadian build ships.
- \$5,500,000 to pay other British obligations in Canada.

Making in all \$220,900,000 advanced to Great Britain.

To our Allies we loaned \$8,200,000 for the purchase of Canadian foodstuffs, raw material and manufactured products.

The Re-investments will be paid back to Canada in due time with interest.

These credits were absolutely necessary to secure the orders for Canada because cash purchases were impossible.

They have had the effect of tremendously helping agricultural and industrial workers to tide over the depression that would have followed the Armistice, had we not made these credit loans.

As far as money is concerned, 1919 has been, and is still—just as much a war year as 1918. Our main expenditures for war cannot be completed until well on into 1920. Thus another Victory Loan is necessary—Get ready to buy.

Notice to Electric Light Consumers.

Oyen, Alta., Oct. 6, 19.

With regret we have to announce that we will be discontinuing the electric light service for the town on January 1, 1920. We commenced this service Jan. 1918 and so will have run it two years; during that time we have endeavored, to the utmost of our ability, to give satisfactory service and from all we can learn we have succeeded in doing so; however this would have been impossible without your co-operation on a number of occasions and we take this opportunity to sincerely thank you for your kindness and forbearance.

There is a steady and increasing demand for electric light and power service here, but in

order that it might be satisfactorily handled some additions would have to be made to the plant and also meters should be installed. We do not care to undertake this as we find that our automobile and farm implement business requires all our attention; therefore we have decided to give three months notice of the discontinuance of the service, in order that no hardship may be caused thereby, as this will give you ample time for making arrangements for future lighting.

Yours very truly,

To Encourage Sheep Raising

J. A. McCall, M. L. A. and Geo. Campbell of Youngstown were town visitors last Friday and Saturday with a view of stimulating interest in sheep raising. It is expected that a meeting will be arranged at some future date when Mr. McCall will be accompanied by a speaker from the Department of Agriculture at which the farmers of this district will be given the opportunity of getting some first-hand information on the subject of sheep raising and seeing some moving pictures on stock farming.

Mr. Bruce of the Fire Commissioners Department at Edmonton was in town last Saturday. Mr. Bruce expressed his satisfaction at conditions here and stated that Oyen was the best town he had visited on his tour of inspection. In conversation with our fire chief, he said he was very pleased with the cleanliness of the town and hoped the citizens would always maintain their present standard of clean premises. Mr. Bruce also expressed appreciation of the meals served at the hotel, and said he had had the best meal there since leaving home. Supplement to The Oyen News

Oyen, Alberta, Oct. 8th, 1919.

Sir Thomas White Appeals for Co-operation in Promoting 1919 Victory Loan

Extract from his address to the Dominion Executive Committee Victory Loan 1919.

I do not believe that the people of the country begin to realize the formidable responsibility which confronted the Government, and especially myself as Minister of Finance. In war time, the treasury loses control to a large extent over the expenditures. Our armies are at front, the nation is putting forth its utmost efforts, and it is out of the question for the Minister of Finance even if he were disposed to do so, to say: "we are going to have difficulty in finding the money." When the nation is putting forth its utmost effort, fighting for its life, it has no tolerance for any suggestion that the Government cannot find the money. The people say: "We are going to fight and to win this war, and the money must be found. If you cannot find it as Minister of Finance, we will get another Minister of Finance and if the Government cannot find it, we will get another Government." Finance becomes secondary in war time; the money must be found. We did not resort to the inflation of our paper currency as they did in Great Britain and in the countries of Europe. Our currency situation is not bad at all. It is better than the situation in any country in Europe and second only to that of the United States. We faced the interest situation and as a consequence of our favorable position, in a country that had never before floated a loan of more than \$5,000,000, in the last Victory Loan we raised nearly \$7,000,000,000. That did not happen by accident. The responsibility had to be undertaken, and the organization had to be brought into being that would accomplish the result, acting as it did upon the intense patriotism of the Canadian people. The results that have been accomplished have been such as to reflect credit upon all. Although I am retiring, I feel a certain

I am pleased to be the holder of a Canadian War Savings Certificate. I am delighted to find that in Canada you have War Savings Stamps on sale, similar to those we have in England.

I wish the War Savings campaign every success.

U.F.A. & W.F.W.A. Convention

DEAR SIR OR MADAM:

A Convention for District No. 1 of the Constituency of Medicine Hat will be held in Oyen, on Tuesday, October 28th, at 10 a.m., for the purpose of comparing notes as to the results of the canvass in the different parts of the District, and for arranging for a more aggressive campaign in the parts where needed.

This Convention will furnish you an opportunity for becoming better acquainted with your fellow workers throughout the District, and cannot fail to increase the enthusiasm in the work which has been undertaken.

H. W. Wood, President of the U.F.A., has promised to be present and to address our Convention. The busy season will be over by that time, and it is hoped that each local will send as large a delegation as possible. While a Local is entitled to send one delegate for every ten members, or major fraction thereof, in the Local, it would be well to send as many more visitors as can possibly come.

All who have assisted with the canvass should make a special effort to have their work completed and their reports forwarded to me before that time. After the meeting I shall send them in to the Central Office, Calgary, from whom I expect to get copies of the reports already sent in.

Trusting to have your hearty co-operation in making this Convention a success.

I remain, ever your truly,

LORNE PROUDFOOT,

Director of District No. 1,
Medicine Hat Constituency

degree of responsibility towards the future financing of this country, not only because I have been Minister of Finance, but because I am a citizen of Canada. I would hope—and I am sure my hope will not be disappointed—that everyone will take a like view of the situation. We have been joined together in providing money without which Canada's war effort would have been impossible. I do not think any of us can say that because the war is at an end, and because we are emancipated from war duties, we have no continuing responsibility towards this situation. As far as I am concerned, I am entirely willing and desirous to do what I can to make this coming loan a success, although I shall not be identified with it as Minister. We will have the satisfaction of saying that we did not relax our efforts immediately the war was over, but that we put through the job of seeing that the floating debt of the country was funded—we have cleaned up the situation.

School Fair at Fairacres

Under the auspices of the Fairacres W. I. a school fair will be held in the Fairacres school house on Friday October 17th.

All local schools are invited to compete. Prizes will be given for writing, map drawing, primary work, paper cutting, folding and weaving mats etc., plain sewing, baking, canning fruit and vegetables (bona-fide work of scholars) and garden vegetables. An admission price of twenty-five cents will be charged. Ladies are asked to bring baskets and a free lunch be served.

The Excel Junior U. F. W.-A. met on Saturday, September 27th at the home of Miss Myrtle McDonald. Short papers were read by members on "History of the organization" and similar topics. The members were favoured with some musical selections by Miss Myrtle McDonald. The next meeting will be on October 11th. at the home of Miss Kathleen Cootes. The topic for discussion will be school lunches. All farm girls over thirteen are requested to be present.

DELCO-LIGHT ELECTRICITY FOR ANYONE ANYWHERE

An Extra Hand for Farm Work

Delco-Light is the busiest and most efficient workman on the farm.

It not only furnishes an abundance of clean, safe and economical electric light for house and barn, but—

It furnishes power to pump the water, operate the separator and churn, wash the clothes, and grind the tools—

It lengthens the working day by making it possible to do the barn chores safely and easily after dark—

It pays for itself in time and labor saved— And at the same time it adds greatly to the comfort and convenience of farm life.

Delco-Light is a simple, compact, highly-efficient electric plant that requires little or no attention, and that runs on kerosene, gas or gasoline.

A Bag Limit on Grouse

There appears to be an impression amongst some sportsmen that there is no bag limit on grouse, commonly called prairie chicken and partridge. Section 5 of the Game Act provides for a bag limit of ten grouse per day, 100 for the season.

If you kill two prairie (ruffed grouse) you are only allowed to kill eight prairie chickens the same day. The sale, purchase or the serving of such birds at meals for which a license is made is also prohibited.

Greater Production of Live Stock Needed to Supply Markets

H. S. Arkell, Live Stock Commissioner, who has recently returned from a trip to Europe where he has reviewed the live stock market situation, has expressed his views, regarding Canada's position, in the October number of The Agriculture Gazette. He states that the London agents of our Canadian packers reviewed in disappointment the orders for Canadian goods—bacon, eggs, etc.—for which they could obtain but a tenth of the product they required. The unwarranted high price of hogs in Canada during the past month is but a reflection on the reputation of Canadian bacon, as compared with American, and demonstrates the effort of our packers to maintain their connection with old established clients in the face of short supplies. Since Denmark, within a year, will again be a factor on the bacon market our only security for the future is full production and such a substantial export supply as must command recognition by its volume and quality. Short hog production is unquestionably the most dangerous policy Canada can adopt. This is true of eggs as well as bacon.

To Prevent Unemployment

Next year will be well advanced before Canada's main expenditures for war, can be completed. Every dollar that can be raised for the Victory Loan 1919 will be required.

Although hostilities ceased in 1918 the war expenses went on.

This is just as much a war year as last year was as far as money is concerned. Pressing liabilities incurred by the war, and involving vast sums of money have to be cared for. The simplest and most profitable manner in which this can be done is for the people to provide the money themselves.

The Victory loan 1919 is entitled to just as much consideration as was given to its predecessors. It is up to every loyal Canadian to do his utmost to make the new loan an overwhelming success. The continuance of the prosperity of the nation is wholly dependent upon it.

It was naturally to be expected that trade depression in the Dominion would have followed the armistice but this was averted by the application of a large proportion of the last Victory loan as credits to Great Britain and our Allies for grain, dairy produce, fish, lumber and ships. These credits would have been absolutely necessary and strictly good business. They must be continued. They are national re-investments. The debts will be paid eventually and in the meantime industrial and agricultural workers will be kept in busy and lucrative employment.

The monthly meeting of the Laidlaw W. L. will be held at Laidlaw on Thursday, Oct. 10, at 3 o'clock. Everybody welcome.
